Environmental protection use period description

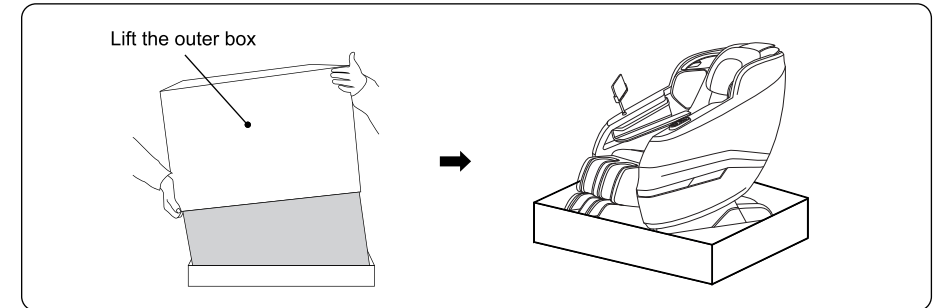

This electrical product is used under the conditions described in the manual, and the harmful substances or elements contained in this product will not leak out, and will not cause pollution to the environment or cause serious damage to people and property for a period of 10 years.

Our company reserves the right to improve the product and the manual. If there is any change, we will not notify you. The appearance of the product is subject to the actual product; this booklet has been carefully checked, but it does not rule out the possibility of printing errors or misunderstandings in the content. Please forgive me.

01 Preparation and instructions before use

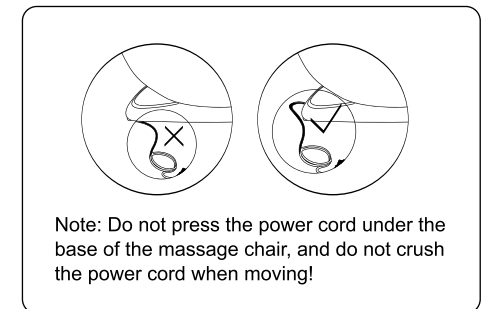

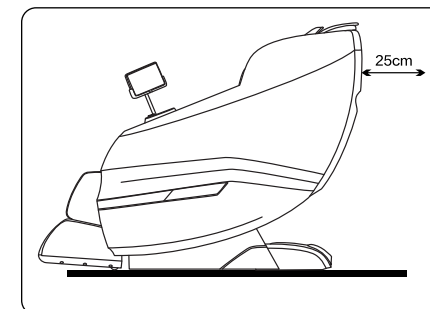

(1) Open the packing box and take out the accessories.

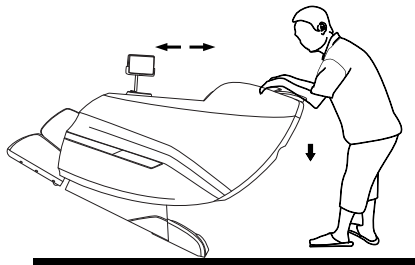

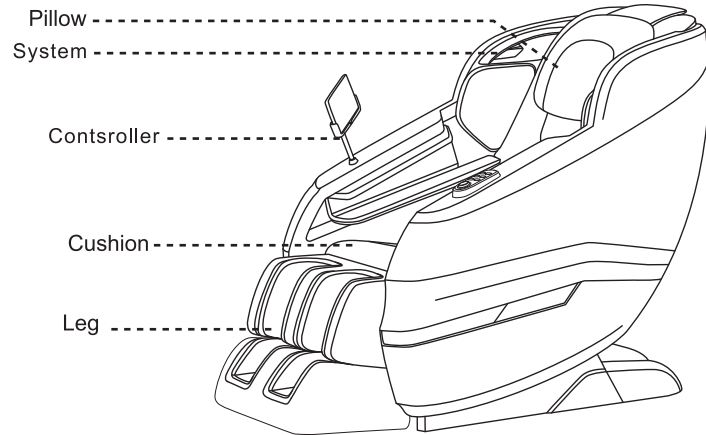

1. Remove the sealing tape of the main body of the massage chair, lift up the outer box and remove it.
2. Take out the accessories and set aside for later use.

(2) Place the massage chair

- *Lift the entire massage chair out of the floor box and place it in a suitable place in the home.
- *Do not place it in direct sunlight or where there are heating appliances, etc. Otherwise, the leather will become discolored or hardened.
- *In order to prevent damage to the floor and reduce noise, please place cloth and other things under the massage chair.
- *Please make sure that there are no obstacles in front of and behind the massage chair (more than 25cm of space should be reserved behind the chair).
- *Do not place it in a damp place or uneven place.
- *In order to prevent signal interference. Please stay away from TV, radio and other equipment more than 1 meter.

02 Product structure

Mobile massage chair

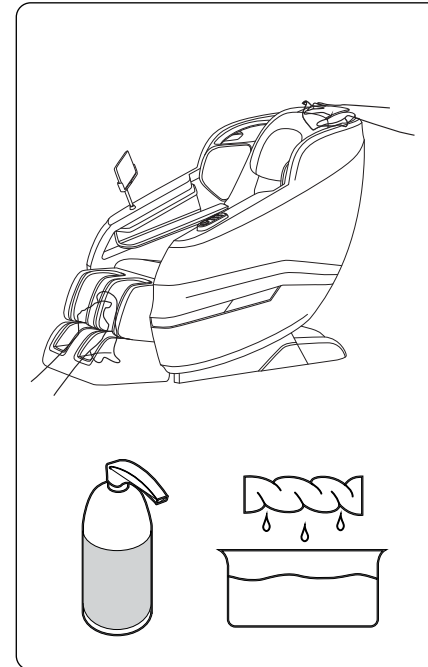

1. As shown in the picture on the left, first press the backrest with both hands, and tilt the chair back about 30°.
2. Use the casters to carefully push the massage chair forward or backward until it is put down in a suitable position.

warning

- *When someone is lying on the massage chair, do not move the massage chair.
- *In order to avoid falling, please firmly support the massage chair when moving it.
- *To avoid falling off, hold the massage chair firmly while moving it.
- * When moving the massage chair, the lower leg must be fully retracted, otherwise it may lead to injury.

09 Safety Precautions

warning

Please read all instructions before use

This massage chair must use a socket that matches the plug. Incorrect grounding can cause electric shock. Please do not modify the plugs and sockets without authorization, and be sure to entrust professional technicians to inspect them. When using electrical products, in order to check the risk of electric shock, burns, fire, or personal injury, basic safety precautions should be followed, including the following:

- Be sure to use an outlet that matches the plug.
- Make sure that the plug is fully inserted into the socket to reduce the risk of short circuit or fire.
- After use or before cleaning, be sure to unplug the plug in time.
- Do not use this product at high temperatures.
- Do not store or use this product outdoors or in direct sunlight.
- If there is a sudden power failure during use, please set the switch to the "0" position immediately, and unplug the plug to avoid damage to the product when a call comes in.
- Do not operate the massage chair if the cord is wet or damaged.
- Do not insert or unplug the plug with wet hands to avoid accidents.
- When a child, handicapped, or handicapped person is near or using a massage chair, someone must be present to look after him.
- Only use this product for the purposes described in this manual.
- Do not stand, sit or jump on the calf rest. So as not to cause damage.
- Please do not try to sit on the armrest or backrest, so as not to tip the massage chair over and cause an accident.
- Do not go to sleep during the massage.
- Please keep the massage chair clean and avoid inserting other objects into the gaps of the massage chair
- Do not move the massage chair directly by pulling the power cord.
- Before each use, check whether there are abnormal cracks in the flannelette of the backrest of the massage chair.
- This product is designed for home use only.
- When you are not sure whether you can use the massage chair, please consult your doctor.
- In order to avoid discomfort or injury caused by using this massage chair, the following people should consult a physician before using this product; Those receiving treatment, those with back disease, those with abnormal or distorted cervical spine.
- If you feel pain during use, please stop using it immediately. If it is damaged during use, please seek medical attention immediately.
- Do not massage red, swollen or inflamed skin.
- This product only provides comfortable massage enjoyment for the family. It is not a professional massage medical device, so it cannot replace professional treatment.
- It is recommended to use the massage chair for 30 minutes a day, and massage the same part should not exceed 15 minutes, otherwise excessive massage will result in counterproductive effects, and long-term use will cause the massage chair to overheat and shorten the service life of the product.
- Do not use this product in an environment where gas or oxygen is injected.
